WHY CHOOSE US

Unlike other services, we send one maid per home, same maid each time. Teams will not be doing a "RUSH THROUGH JOB" on your home.

We utilize best practices for sanitation to minimize cross contamination of your beautiful home. Your health is our priority!

Each maid is screened, bonded & insured for your safety.

The list of chores you'd rather not do can stretch on forever, hours upon hours of work. Let's face it, you don't have hours and hours of time to be flossing the piping on the toilet bowl. We do. We have the team, the gear and the experience to chop your chore list down to nothing.

Life is more enjoyable when you live in a nice, clean house. Even if its only once or twice a month, wouldn't it be nice to come home from work and relax, or hang out with your kids?

SPINAL PELVIC STABILIZER

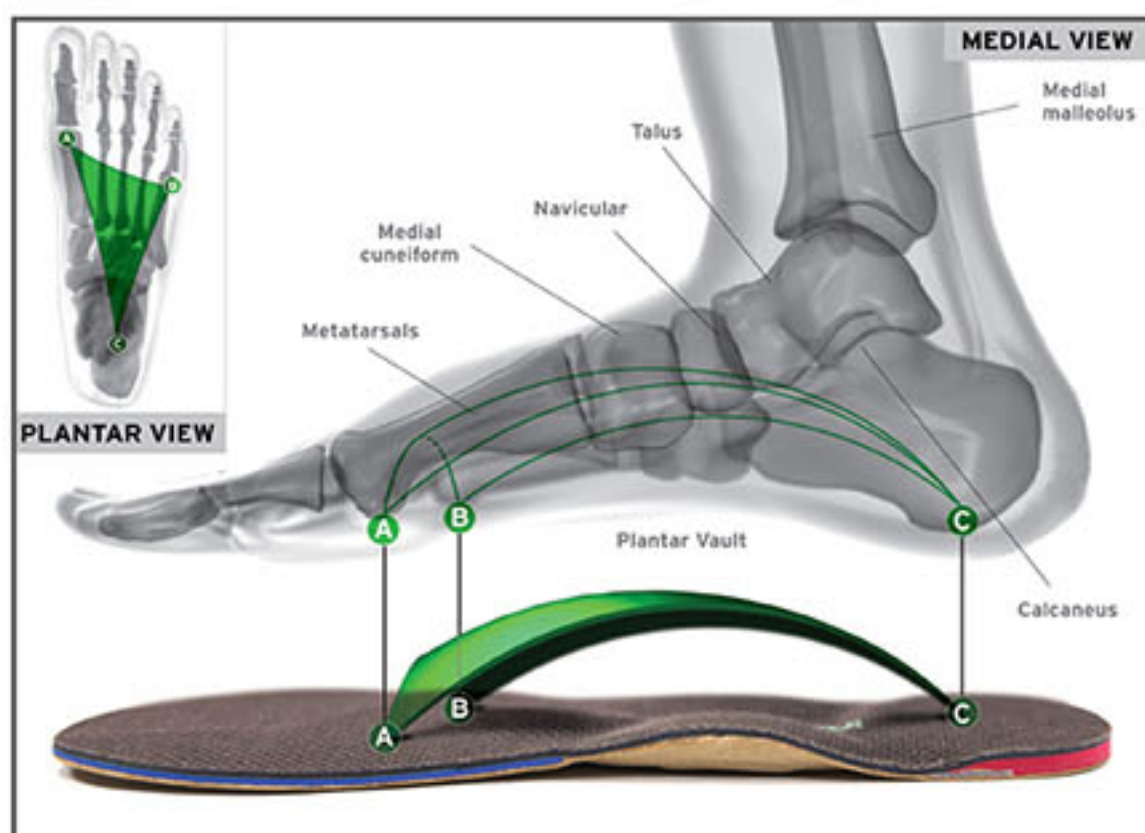

For more than 55 years, **FOOT LEVELERS** has been the world's exclusive provider of custom-made spinal pelvic stabilizers

▶ **A unique form of custom made in-shoe orthotics.**

Individually designed for you based on 3D scans and your healthcare practitioner's advise.

IT'S A CHAIN REACTION ...

Your whole body needs proper support from the ground up. Injury, genetic spinal insymmetry, aging or stressful activities can all cause a joint or multiple joints to malfunction ; which in turn can trigger different symptoms throughout your body.

... AND IT'S PROVEN

Spinal Pelvic Stabilizers help achieve a balanced foundation, which ultimately reduces skeletal stress and pain. Most importantly, Spinal Pelvic Stabilizers have been proven to help chiropractic adjustments '**hold better**'.

"Phototherapy is the most common treatment for reducing high bilirubin levels that cause jaundice in a newborn. In the standard form of phototherapy, your baby lies in a bassinet or enclosed plastic crib (incubator) and is exposed to a type of fluorescent light that is absorbed by your baby's skin."
